INTRODUCING THE S.F.E. GROUP

The **Specialized Fabrication Equipment Group** (in short: **S.F.E. Group**) was founded in 2019 after the merger of three world leading OEM's in the field of pipe fabrication tooling and machinery: B&B Pipe and Industrial Tools LLC (USA), Mathey Dearman Inc. (USA) and TAG Pipe Equipment Specialists (UK). In a time span of 5 years, another 4 renowned and market leading companies were acquired and added to the **S.F.E. Group** portfolio: Axxair (France, 2022), Magnatech (USA, 2023), Climax (USA, 2023) and SUMNER (USA, 2025).

The vision and philosophy of the **S.F.E. Group** is to offer globally a comprehensive innovative and cost-effective range of specialized fabrication, welding and machining equipment and derived rental solutions, for a wide range of applications within all critical industries, while optimizing performance, efficiency and safety.

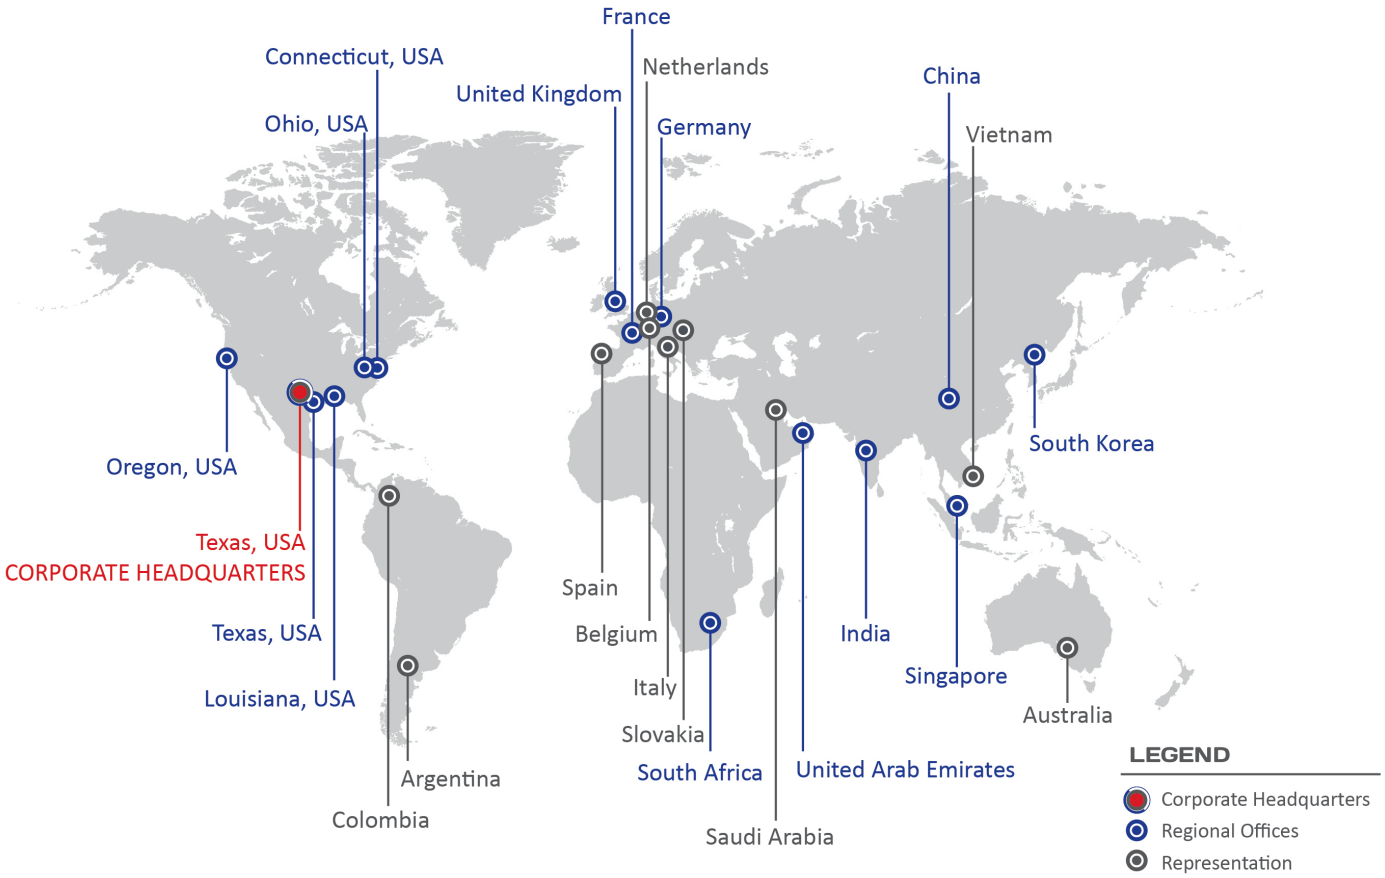

Leveraging over 200 years of combined experience in engineering, manufacturing, and field applications, the **S.F.E. Group** is committed to driving innovation. Through continuous product development and strategic acquisitions, the **S.F.E. Group** is actively growing its portfolio and expanding its global presence to meet the demands of industries around the world. Currently, the **S.F.E. Group** consists of 12 complimentary brands, each supporting the others in delivering cutting-edge solutions.

With offices and warehousing on 5 continents, 400+ employees and more than 500 partnerships and distributors worldwide, **S.F.E. Group** prides itself on consistently offering the highest standards of both product quality and service locally to all its customers.

S.F.E. Group looks forward to welcoming you into its global network as a partner, distributor or end user customer and remains at your disposal at any time.

INTRODUCING SUMNER MATERIAL LIFTS

SUMNER Material Lifts is a world leading brand in the material handling and construction industries, renowned for its innovative, durable, and user-friendly solutions. Founded in 1965 and now a part of the Specialized Fabrication Equipment Group (in short S.F.E. Group), **SUMNER Material Lifts** has built a global reputation for providing high-quality lifting equipment. Designed with safety and efficiency in mind, **SUMNER Material Lifts** products are widely used by professionals in mechanical contracting, plumbing, HVAC, welding, and electrical installation.

SUMNER Material Lifts' product line includes a broad range of lifting tools such as material lifts, duct lifts, Roust-A-Bouts, gantries, and heavy-duty hoists, all engineered to meet the demanding requirements of job sites around the world. All equipment is known for ease of use, robust construction, and industry-leading safety features, making it the preferred choice for both large-scale industrial projects and everyday construction needs.

With a long tradition of quality, reliability and value and a strong commitment to innovation and customer satisfaction, **SUMNER Material Lifts** continues to set the standard in lifting and material handling solutions.

In conjunction with all other S.F.E. Group portfolio's brands, **SUMNER Material Lifts** continues to lead the way in lifting and fabrication solutions, delivering tools that elevate the operator's standard of work.

SUMNER Material Lifts products are always nearby available within the S.F.E. Group global network and can be consulted on the dedicated website: www.SUMNER.com

EL-405 STACKER LIFT

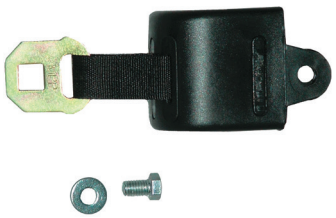

The SUMNER Material Lifts EL-405 Stacker Lift is purpose-built for warehouse and service departments, offering a compact yet efficient lifting solution for a wide array of applications. This manually operated stacker lift is ideal for lifting boxes, crates, and small equipment where space constraints are a concern. The lift is designed with a focus on operational flexibility and safety, incorporating a dual-speed winch handle and a large platform surface to accommodate various load sizes.

With a lifting height of 53" / 1,346.2 mm and a load capacity of up to 400 lbs / 181 kg, the EL-405 model ensures that users can manage moderately heavy items without compromising control or safety. The addition of a quick-action wheel brake allows for immediate load stabilization, while its lightweight frame and optional extension strap kit add further adaptability to unique job site needs. Compact and user-friendly, the EL-405 embodies SUMNER Material Lifts' commitment to practical innovation.

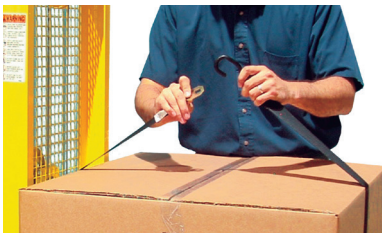

SPECIFICATIONS

- Handles loads up to 400 lbs / 181 kg
- Lifting height up to 53" / 1,346.2 mm
- Two-speed winch for operational flexibility
- Quick-action brake for enhanced safety
- Spacious platform supports various material types
- Optional extension strap kit for oversized loads
- Compact and maneuverable for tight spaces
- Ideal for warehouse and service environments
- Built for quick deployment and breakdown
- Heavy-duty SUMNER Material Lifts build quality ensures longevity
